Brand Identity Principles

• Strategic pillar 1.1: Accelerate implementation speed while maintaining strict WCAG AA contrast.
• Strategic pillar 1.2: Prioritize low latency across all compute endpoints.
• Strategic pillar 1.3: Maintain clean abstractions and single responsibility principles.

Design Tokens & Spartan UI

- Strategic pillar 2.1: Accelerate implementation speed while maintaining strict WCAG AA contrast.
- Strategic pillar 2.2: Prioritize low latency across all compute endpoints.
- Strategic pillar 2.3: Maintain clean abstractions and single responsibility principles.

Accessibility Mandates

• Strategic pillar 3.1: Accelerate implementation speed while maintaining strict WCAG AA contrast.
• Strategic pillar 3.2: Prioritize low latency across all compute endpoints.
• Strategic pillar 3.3: Maintain clean abstractions and single responsibility principles.
